

NEWS FROM THE NORTH.

Favorable Reports From Some of the Mines in the Country Near the Pole.

Ex-Gov. Swineford Developing his Old Properties and Purchasing Other Ones.

The Dangers and Difficulties of Selling Liquor in a Country Where it is Not Licensed.

The steamer George W. Elder arrived at Victoria, B. C., the other day from Alaska, with news of the mining operations in that far-away region. The captain reports that at Lerson and Salmon creeks the surface croppings show large and well-defined veins, which average well in free gold. The property is situated just across the channel from the eighty-stamp mill of the Alaska Union company. In a few days active work will be commenced.

On the Sheridan lode at the head of Sheep Creek, which property is now bonded to A. F. Swineford, development work on the Silver Queen still continues. The upper tunnel is being pushed ahead and the lower cross-cut tunnel is being driven to tap the veins. John Trendwell and W. A. Fuller are developing their coal interests at Coal Harbor, which are very valuable.

The ten-stamp mill of the Eastern Alaska Mill and Mining company in the Jumbo group is running night and day, everything proving satisfactory.

Another important mining deal has been made of Sheep Creek property. A. F. Swineford is purchasing from James McDonald, Fred Hyde, L. L. Williams and Frank Howard the Sheridan, Gray Eagle and Mamie lodes for \$33,000. This group of claims was discovered the past season. They are located on the silver belt at the head of the Sheep Creek. The veins show rich bromide and brittle silver ore, samples giving returns of several hundred dollars to the ton. Work on the claims will be commenced at once and pushed till cold weather closes it down and the practice of smuggling whisky off main steamers while along the docks is getting to be a dangerous undertaking. The occupants of a canoe while trying to get loaded off the Corona were fired at by the smugglers after they had refused to halt when commanded, but the night being dark the aim was uncertain, and though one man in the boat uttered a yell, it is not known if he is seriously injured. This happened at Juneau, where the Corona was when the Elder left.

Just as the Corona steamed out of sight at midnight on October 7, C. S. Blackett, deputy collector of Juneau, with three assistants, started in at one end of the town to seize all the liquors found. Within fifteen minutes after they started upon their raid the proprietors of the twenty-one saloons had been notified, and bottles and demijohns and casks were hurried away, and when the officers made their appearance nothing could be found but the lingering fragrance of departed spirits. Probably \$100 worth of liquor was seized, and as day broke the officers rested from their efforts and the raid was discussed over many a glass. The unlicensed sale of liquors in Alaska still continues, and the enforcement of the United States prohibition laws will be a failure and a farce until the government supplies the customs officers with sufficient force to make their seizures complete and effectual.

Commendable.
All claims not consistent with the high character of Syrup of Figs are purposely avoided by the California Fig Syrup company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

Winter Excursions to California.
On the 15th day of every month the Northern Pacific Railroad company will sell excursion tickets to San Francisco and return at \$75; to Los Angeles and return \$94. These tickets have an extreme limit of six months from date of issuance and can be used going any time within sixty (60) days from date of sale. Stop-overs allowed at any point desired—either going or returning—within limit of ticket. Excursionists have choice of two routes from Portland—by steamer, or by rail, via the famous Mount Shasta route.

Be it in mind that the Northern Pacific is the only line running through sleeping and dining cars to the Pacific coast.
A. D. EDGAR, General Agent.

Unsurpassed in the World.
The vestibuled trains of the Chicago, Milwaukee & St. Paul railway, running daily between St. Paul and Minneapolis and Milwaukee and Chicago, are the perfection of modern railway equipment, and are unsurpassed in the world. They consist of elegant day coaches, Pullman's latest and best sleeping cars and the finest dining cars in the country. These trains are lighted by electricity and heated by steam, and afford to the traveler every comfort and convenience to be had at the very best hotels. All classes of tickets are honored on these trains and the rates are no higher than by other lines. It is for this reason that discriminating travelers patronize this company and insist that their tickets read over its line, as they naturally want the best service for their money.

Heretofore Strength.
Continually on the strain, or overtaxed at intervals, is far less desirable than ordinary vigor perpetuated by rational diet and exercise, and abstention from excess. Professional pugilists and athletes rarely attain old age. As ordinary vigor may be retained, it is wise regard for sanitary living, and for the protection against disease which timely and judicious medication affords, so also it may be lost through prolonged sedentary labor, uninterrupted mental strain, and foolish eating and drinking, the chief and most immediate sequence of all four being dyspepsia. For this condition, thus, or in any way induced, and for its offspring, a failure of muscular and nerve power, Hostetter's Stomach Bitters is the premier and most genial of remedies. Not only indigestion, but loss of flesh, appetite and sleep are remedied by it. Incipient malaria and rheumatism are banished, and kidney, bowel and liver complaint removed by it.

What a Fortune.
Is a good healthy, pearly skin. Few are aware of the short time it takes for a disordered liver to cause blotches on the face, and a dark greasy skin. One bottle of BEGG'S BLOOD PURIFIER and BLOOD MAKER will restore this organ to its natural and healthy state, and cleanse the blood of all impurities. It is meeting with wonderful success. We guarantee every bottle. R. S. Hale & Co., Druggists.

Begg's Cherry Cough Syrup.
Is giving splendid satisfaction to the trade and the sales are positively marvelous, which can be accounted for in no other way except that it is without doubt the best on the market. Ask for and be sure you get the genuine. We keep it. R. S. Hale & Co., Druggists.

The Verdict Unanimous.
W. D. Sult, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only half a dollar a bottle at R. S. Hale & Co.'s drug store.
